

# THE SME MARKET

## A PRIME TARGET FOR NIS REFERRAL Eligible Solutions

### NIS REFERRAL Eligible Solutions

*NIS introduced the NIS® Referral program to extend its leadership position in the small and midsize enterprise market and reward member/companies for providing qualified leads that convert to sales. If you have a role working with, communicating to, or advising companies in this market, the NIS Referral program can open new doors for your business.*

**Members/Companies that participate in the NIS Referral program earn rewards for providing leads to NIS that convert into won, closed, and fully paid deals.**

Companies that participate in the NIS® Referral program earn rewards for providing leads to NIS that convert into won, closed, and fully paid deals. The following offerings are currently eligible for payment of referral fees for leads registered in the NIS Referral program. NIS may unilaterally amend this list from time to time. Members of the NIS Referral program can consult their referral portals for updates.

## A PRIME TARGET FOR NIS REFERRALS

### Hospital Management System

*How to we transform our healthcare system? Make them smarter.*

'HMS' is a fully integrated hospital management system that caters to the clinical, administrative and financial needs of any medium and large size hospitals. Hospital Management System (HMS) is a generic application, which addresses all the major functional areas of hospitals. HMS provides the benefits of streamlined operations, enhanced administration control, improved response to patient care, cost control and improved profitability. please visit <http://www.nanoinfosoft.com/HMS.aspx>

### Organisation Management System

*Drive successful channels.*

The business is facing the most significant economic and competitive challenges in terms of growth, profit, retention of employee, Consolidations, mergers, and failures are escalating, while competition from other financial services segments continues to mount. To succeed in this rapidly evolving business climate, organisation are compelled to investigate ways by which they can improve bottom-line operational efficiency and drive top-line growth, and still meet and exceed the expectations of the Organisation. <http://www.nanoinfosoft.com/OMS.aspx>
